

Dear Malvern Parish Primary School Parents,

We are really pleased to have been selected to be the Malvern Parish Primary School caterer. We will start supplying your childrens school with our lunchtime meals after the October half term break.

We're a small, family run business passionate about cooking from scratch and teaching others along the way in our Cookery School. We take huge pride in serving meals to nurseries and primary schools that are freshly cooked everyday by our chefs, meals which meet the governments nutritional guidelines and which children enjoy eating as part of a healthy lifestyle.

We will be operating an online ordering service for your child's meals so that you can pre-order online. In the next few weeks the school will write to you to tell you all about how to open an account with us and register your child/ren on our system and start ordering their meals – it's super easy to do but don't worry if you don't have online access you can contact the school and they can help you with ordering.

If you have any queries about the meals, food allergens or any feedback for us we'd love to hear from you. You can contact us by email at info@redhencookery.co.uk or you can telephone our office on 01905 422997 and speak to Andy or Richard.

You can access our current menu from our main Educational Catering page on our website. We're just in the process of building your new online ordering platform and this should be ready for you to use in the coming weeks, the school will keep you informed but as a guide we hope that by the end of term everything will have been finalised so that you can start ordering online during the half term break for us to start supplying the meals from Tuesday 31st October (Monday 30th is a TED day).

We're excited about joining Malvern Parish as their school meals provider and look forward to providing your children with fresh, healthy and balanced meals.

Best wishes,
Naz & Andy Sanderson
Directors
